## Letter of recognition – Verification of Aviation Activities in EU ETS

VerifAvia (UK) Ltd is hereby recognised by the Danish Energy Agency to carry out verification of CO<sub>2</sub>-emissions and tonkilometer data for flights covered by the EU Emissions Trading Scheme (ETS).

VerifAvia (UK) Ltd has applied for this recognition in accordance with section 3 of the Executive Order on Verification and Reporting (Executive Order no 40 of 20 JAN 2011) and presented documentation for appropriate accreditation, cf. sections 1 and 2(2).

According to section 4 of the Executive Order it is the obligation of VerifAvia (UK) Ltd to inform the Danish Energy Agency with due notice of any changes to the accreditation status, suspension of the accreditation, or any changes to the contact information of the company.

The Danish Energy Agency reserves the right to inquire UKAS about the status of your accreditation and the Agency may suspend your recognition in case of any irregularity.

All verifiers, who verify aviations data for operators with Denmark as their administrating Member State, must use the Danish Energy Agency's templates for verification reports and verification statements, cf. sections 5(8) and 6(2) of the Executive Order. These templates may be downloaded from the Danish Energy Agency web site ([www.ens.dk](http://www.ens.dk)).

Contact details of recognised verifiers will be publicly listed at the Danish Energy Agency web site.

Yours sincerely

Rebekka Falk  
Head of Section, ETS Aviation
