## Adjustment of free allocation for aircraft operators according to Regulation (EU) No 421/2014 amending Directive 2003/87/EC

With the Regulation 421/2014, a new Article 28a Directive 2003/87/EG was inserted which foresees in paragraph 2 a reduction of the free allocation to aircraft operators for the years 2013 to 2016. Accordingly, the issuance of free allowances to aircraft operators who performed exempted flights to third countries (in 2010) will be reduced in proportion to the reduction of the surrender obligation.
